FEELING GOOD
is in our jeans

MEET DESTINEE, OUR DIRECTOR OF DENIM DESIGN,
AND YOU'LL UNDERSTAND WHY.

“Watching my mom at a young age, I understood how important a pair of jeans can make you feel. Knowing she had a pair she could rely on and take her through life as a single parent was super important. So I developed the technical knowledge to create jeans that did everything I wanted them to do for her, and every kind of woman.”

we have your fit

Every woman deserves a jean that she feels and looks amazing in. That's why we're obsessed with perfecting the most flattering fit for every body.
